

## Park Board Minutes

**May 1, 2007**  
**10:30 am**

Chairman Binek called the meeting of the Stark County Park Board to order. All members present.

Chairman Binek asked for any additions to the agenda. Save the Pool committee will not be attending the meeting.

Frank Klein moved to approve the minutes from the April 3, 2007, meeting. Duane Wolf seconded. All voted Aye and the motion carried.

Bid opening was to be held on a concession/restroom/ticket booth building at the Southwest Speedway, but the specifications did not have adequate information. It was the consensus of the Park Board to direct the Roughrider Racing Association to get specifications that are acceptable for electrical, plumbing, type of building, & material supplies.

George Nodland moved to retract the call for bids. Duane Wolf seconded. All voted Aye and the motion carried.

Discussion was held on controlling weeds at the Southwest Speedway. Tom Henning, States Attorney, reported controlling weeds at the Speedway can be handled just like any other county property. George Nodland commented that the more activities going on at the Southwest Speedway Park, the more we need to have someone monitoring the facility. It was the consensus of the Park Board to contact James Kramer, City of Dickinson Park and Recreation and inquire how they could help with maintenance at the Southwest Speedway.

Frank Klein moved to adjourn. Russ Hoff seconded.
